**2018 JUNE 1-3
CALABASH
INTERNATIONAL
LITERARY FESTIVAL**

A three-day festival of readings and music with other forms of storytelling folded in the mix, Calabash is earthy, inspirational, daring and diverse. It's the only annual international literary festival in the English-speaking Caribbean. All festival events are free and open to the public. Passion is the only price of entry. But voluntary contributions are accepted.

The festival is produced by the Calabash International Literary Festival Trust (the Trust), which also produces publishing seminars and writing workshops. The Trust is affiliated with the Friends of the Calabash International Literary Festival, a registered 501(c)(3) corporation in the United States.

"... Calabash is a high-grade international event in which writing from the Americas, Europe, Africa and Asia forms a thought-provoking mosaic of story, history and mythology."

The Independent on Sunday

"... one of the most vibrant literary festivals to come around in a long time."

The Associated Press

"In keeping with the town's anything-goes vibe, Calabash is free and open to the public. At each event, as many as 3,000 people ranging from local fishermen to New York literati gather at Jake's, on a lawn by the sea, to listen and learn."
